Historic Trust Docket:
Director’s Report:

Mr. Martin updated the Council on the following:

- Housing Program:

Mr. Martin noted that there are two historic sites at Hubbard County Park: Black Duck Lodge and the Smithers Property. Mr. Martin noted that at the Black Duck Lodge there has been a long time year round tenant but there has not been a year round tenant at the Smithers site. Mr. Martin stated that this winter the Suffolk County Parks Department is going to rehabilitate an existing cabin at Smithers Property so that the cabin can serve as a year round rental property. The CEQ voiced support for this project and noted the importance of establishing a year round presence at this historic site.
• Custodial Agreements:

Mr. Martin noted that the 3rd House in Montauk County Park has been closed to the public for almost 10 years. The Suffolk County Department of Public Works is now doing building upgrades to bring the building into compliance with building code requirements so that it can be opened again to the public. Suffolk County Parks is now also working on new custodial agreements with community groups to use the building.

Project Review:
Recommended Unlisted Actions:

A. CP#5048 Construction and Rehabilitation of Highway Maintenance Facilities; Centereach (CR#97) Facility Replacement, Town of Brookhaven

Raymond Muxo from the Suffolk County Department of Public Works gave a presentation regarding the Highway Maintenance Facilities construction and rehabilitation. The proposed project involves demolition of the existing deteriorated salt storage structure, adjacent garage and personnel office at the Suffolk County highway maintenance facility located on the east side of Nichols Road (County Road 97) in Centereach. These facilities will be replaced by a new high arch gambrel roof salt storage structure and a separate garage and personnel office.

The CEQ discussed a number of different aspects related to the proposed action including the height of the replacement structures, traffic circulation and possible impacts to the neighboring residents. It was noted that it is anticipated that the design and location of the new salt storage structure will reduce noise and light impacts to the residential properties east of the maintenance facility and improve on-site stormwater management.

The CEQ also discussed that in Part I of the EAF it is noted that the project site is located in an archeological sensitive zone. CEQ staff noted that this box was checked because the New York State Preservation Office maps indicate that the project is in an archeological sensitive zone but because the project is being constructed on a previously disturbed site there is not anticipated to be any impacts to archeological resources. The CEQ requested that the CEQ staff follow up with the New York State Preservation Office to get additional information and insure that there will not be impacts to the archeological resources. CEQ staff noted that they would contact the New York State Preservation Office to obtain the additional requested information for the CEQ.

A motion was made by Ms. Growney to recommend classification of the proposed project as an Unlisted Action with a Negative Declaration. The motion was seconded by Mr. Kaufman. Motion carried.
**Project Review:**

**Recommendations for LADS Report:**

A. Recommendations for Legislative Resolutions Laid on the Table November 22, 2016 and December 6, 2016

Mr. Kaufman made a motion to accept staff recommendations for the November 22, 2016 and the December 6, 2016 Legislative Resolutions. The motion was seconded by Ms. Growney. Motion carried.

**Other Business:**

A. CEQ Meeting Schedule for 2017

Mr. Kaufman made a motion to accept the CEQ Meeting Schedule of 2017. The motion was seconded by Mr. Carpenter. Motion carried.

B. CEQ Representative to the Suffolk County Dredging Project Screening Committee

The Dredging Committee was established to make preliminary investigations and findings into the feasibility and desirability of any proposed County Dredging projects. The Committee findings are then forwarded to the Suffolk County Legislature for the Legislature’s consideration.

Ms. Growney made a motion to nominate Michael Kaufman as the CEQ’s representative on the Suffolk County Dredging Project Screening Committee. The motion was seconded by Ms. Kepert. Motion carried.

**CAC Concerns:**

There were no concerns but Ms. Squires noted that she was sad to learn that Ms. Russo was stepping down and thanked Ms. Russo for all of her contributions to the Council.

Re: CP#5048 – Construction and Rehabilitation of Highway Maintenance Facilities;  
Centereach (CR#97) Facility Replacement – CEQ Review

Ms. Russo:

Enclosed herewith please find 15 copies of the proposed preliminary aerial site plan, floor plans and  
Short Environmental Assessment Form for the above referenced project to be presented at the next  
CEQ meeting which is currently scheduled for December 14. This specific aspect of the capital  
program involves the demolition of the existing, dilapidated Highways Maintenance Facility and the  
construction of its replacement. Its replacement will involve the construction of two (2) separate  
buildings: one being the salt barn area and the other the office/vehicle garage area. The new building  
arrangement provides significantly better truck and site supervision logistics while also eliminating  
potential safety and major maintenance issues with the existing building.

Please review and forward the Council’s SEQRA recommendation to the County Executive and  
Legislature.

Please contact me at 852-4690 should you need any additional information. Thank you.

MEMORANDUM

TO: Honorable Steven Bellone, Suffolk County Executive
Honorable DuWayne Gregory, Presiding Officer

FROM: Gloria Russo, Chairperson

DATE: December 22, 2016

RE: CEQ Review of the Proposed CP#5048 Construction and Rehabilitation of Highway Maintenance Facilities; Centereach (CR#97) Facility Replacement, Town of Brookhaven

At its December 14, 2016 meeting, the CEQ reviewed the above referenced matter. Pursuant to Chapter 450 of the Suffolk County Code, and based on the information received, as well as that given in a presentation by representatives from the Suffolk County Department of Public Works, the Council advises the Suffolk County Legislature and County Executive, in CEQ Resolution No. 56-2016, a copy of which is attached, that the proposed project be considered an Unlisted Action under SEQRA that will not have significant adverse impacts on the environment.

If the Legislature concurs with the Council on Environmental Quality's recommendation that the project will not have a significant adverse impact on the environment, the Presiding Officer should cause to be brought before the Legislature for a vote, a resolution determining that the proposed action is an Unlisted Action pursuant to SEQRA that will not have significant adverse impacts on the environment (negative declaration). However, if the Legislature has further environmental concerns regarding this project and needs additional information, the Presiding Officer should remand the case back to the initiating unit for the necessary changes to the project and EAF or submit a resolution authorizing the initiating unit to prepare a draft environmental impact statement (positive declaration).

Enclosed for your information is a copy of CEQ Resolution No. 56-2016 which sets forth the Council's recommendations. The project EAF and supporting documentation can be viewed online at http://www.suffolkcountyny.gov/Departments/Planning/Boards/CouncilonEnvironmentalQuality.
